Business services to complement your accounts

Chase® Merchant Services | The new way to get paid, with on-site terminals, mobile and e-commerce solutions. You'll benefit with faster checkouts, increased security and happier customers.

Customer Automated Funds Transfer (CAFT) | Pay and get paid faster, by automatically transferring payroll funds to employees digitally, as well as receiving funds owing directly from your customers' accounts. No cheques, no waiting.

Interac e-Transfers® | Send and receive money directly from your bank account, to someone else's quickly, conveniently and securely. It's easier than cheques, safer than cash and costs less than a wire transfer.

Statements | Your statement is a monthly summary of every financial transaction we processed through your account(s). Business members can view their e-statements through digital banking for added convenience.

U.S. and Foreign Exchange | Having local currency on hand makes it easy to pay for small purchases and expenses while travelling. ACU branches maintain a supply of U.S. currency; other currencies can be ordered in advance.

Cheques | Whether you write a few cheques, or many; we have a chequing account for your business, including community accounts for not-for-profits, and a U.S. business account if you deal in U.S. funds.

Wire Transfers | Sending and receiving funds by wire is a secure and recognized transfer protocol. Because of the unique nature of each country's processing system, please visit or call ACU for details.
